Developing Key Issue Statements and Draft Strategy Ideas:

Fuel Refining, Support Facilities, Storage, and Distribution and Commercial and Industrial Sources Near Communities

Recess Topic: Small Group Discussion on Draft Key Issues and Draft Strategies

Feedback on Key Issue Statements:

- Begin with a community concern, include what we know from assessments and information gathering, and clearly state the outcomes or consequences
- Key issue statements were built from feedback from breakout groups in July 18th CSC meetings

**What is
the
concern?**

**What
do we
know?**

**What is the
consequence
(who is
affected and
what does it
mean?)**
