Just Transition COMMUNITY Workshop

Join us to deepen our shared understanding of Just Transition principles and how our region's shift from a petroleum-based industrial economy can center environmental and worker justice. In this 2-hour workshop, we will:

- Share and listen to fellow community members' ideas about what Just Transition means for our industrial and environmental landscape
- Explore real-world case studies highlighting the local impacts of air quality and climate change on our communities.
- Connect like-minded community members working toward an equitable climate-resilient future

JULY 28, 2025
5:30–7:30 P.M.
