## Facility Area Map Checklist:

A Facility Area Map is an aerial image (or series of images) that include the facility property and surrounding area out to 1500 feet beyond the property line in all directions.

Your Area Map should clearly demonstrate the following:

1. Buildings within 300 feet of each device (please use the same building numbers entered on the online form and Area Map)
2. Facility boundaries
3. Zoning of the surrounding areas:
  - Residential
  - Commercial
  - Industrial
  - Mixed Use (please specify)
