AGENDA: 6

Sonoma and Napa Wildfire Recovery Assistance Program

Board of Directors Meeting
May 2, 2018

Patrick Wenzinger
Air Quality Specialist

Overview

- Background
- Air District Grant Structure
- Program in Sonoma County
- Next Steps
- Recommendations

Background

- Regulation 6-3, Wood Burning Devices
- 2017 Clean Air Plan
- October 2017 Wildfires
- January 2018 Board of Directors direction to develop recovery assistance program
- Outreach/Partnerships

Air District Grant Structure

- Allocate \$2 M to Sonoma and \$1 M to Napa

Eligible Energy-Efficiency Component	STANDARD	REBATE AMOUNT
Photovoltaic	Solar Panel system designed to fully offset annual electric usage with battery storage sufficient to hold 30% of one summer day's production	\$3,000
Heat Pump HVAC	Energy Efficiency Ratio of 12.5+, Heating Seasonal Performance Factor of 9.5+	\$1,500
Heat Pump Water Heater	Northwest Energy Efficiency Alliance tier 3.0+	\$1,000
Maximum Rebate per Dwelling Unit		\$5,500

Program in Sonoma County

- Sonoma Clean Power (SCP), PG&E, Air District – approx. \$17 M in funding

PROJECT TYPE	REBATE AMOUNT
Single Family	Up to \$12,500
Multifamily	Up to \$6,250 per dwelling unit
PV with storage	Up to \$5,000 per property

Next Steps

- Execute Grant Agreement with SCP
- Continue to work with Marin Clean Energy (MCE)/Napa County to establish a program
- Develop Year-Round Wood Smoke Program Options (3rd Quarter 2018)
- Update on 2017 Wildfire Response Lessons Learned (October 2018)

Recommendations

Recommend the Board of Directors:

- Amend Fiscal Year Ending (FYE) 2018 budget to transfer \$3 million in general reserve funds into the Wildfire Recovery Assistance Program; and
- Authorize the Executive Officer/APCO to execute necessary grant agreements with partner agencies to implement Wildfire Recovery Assistance Program
