BAY AREA AIR QUALITY MANAGEMENT DISTRICT
Memorandum

To: 
Chairperson Karen Mitchoff and Members
of the Board of Directors

From: 
Jack P. Broadbent
Executive Officer/APCO

Date: 
February 16, 2022

Re: 
Authorization to Amend Contract with Allison+Partners

RECOMMENDED ACTION

Recommend the Board of Directors authorize adding $150,000 to the existing $98,000 Fiscal Year Ending (FYE) 2022 contract with Allison+Partners (A+P) to provide public relations and outreach support services for a total contract amount not to exceed $248,000.

BACKGROUND

The Communications Office released a Request for Qualifications (RFQ) for public relations and outreach support in 2020. Four submissions were received and reviewed by representatives of the Communications Office. Through the RFQ selection process, A+P received the highest score and was the selected contractor. A+P has provided support for various media events and public outreach throughout 2021. Due to the ongoing need for support to provide outreach to the public about various Air District initiatives, programs and projects, Air District staff recommends an amendment to A+P’s current contract to ensure a streamlined continuation of public outreach support. The Communications Office will release a new RFQ for public relations and outreach support in 2023.

DISCUSSION

A+P will provide public relations and outreach support to the Air District and assist with promoting Air District programs on an as-needed basis. A+P will support media and public outreach for such programs as the Clean Air Filtration Program, Clean Cars for All, the Bay Air Center as well as assisting with communications needs during wildfires.

Staff recommends Board approval to add $150,000 to A+P’s contract and amending the terms of the contract in an amount not to exceed $248,000.
BUDGET CONSIDERATION/FINANCIAL IMPACT

Funding for the contract amendment is included in program budget 301 for FYE 2022 and FYE 2023.

Respectfully submitted,

Jack P. Broadbent  
Executive Officer/APCO

   B. CONTRACTOR agrees to obtain any and all required licenses, permits, and all other appropriate legal authorizations from all applicable federal, state and local jurisdictions and pay all applicable fees.
   C. CONTRACTOR shall comply with all laws and regulations that apply to its performance under this Contract, including any requirements to disclose potential conflicts of interest under DISTRICT's Conflict of Interest Code.
   D. CONTRACTOR shall not engage in any performance of work during the term of this contract that is in direct or indirect conflict with duties and responsibilities set forth in the Scope of Work.

Notwithstanding the above, if the cause of the force majeure event is due to party’s own action or inaction, then such cause shall not excuse that party from performance under this Contract.

22. SEVERABILITY – If a court of competent jurisdiction holds any provision of this Contract to be illegal, unenforceable or invalid in whole or in part for any reason, the validity and enforceability of the remaining provisions, or portions of them will not be affected.

23. HEADINGS – Headings on the sections and paragraphs of this Contract are for convenience and reference only, and the words contained therein shall in no way be held to explain, modify, amplify, or aid in the interpretation, construction, or meaning of the provisions of this Contract.

24. COUNTERPARTS/FACKSIMILES/SCANS – This Contract may be executed and delivered in any number of counterparts, each of which, when executed and delivered, shall be deemed an original, and all of which together shall constitute the same contract. The parties may rely upon a facsimile copy or scanned copy of any party’s signature as an original for all purposes.

25. GOVERNING LAW – Any dispute that arises under or relates to this Contract shall be governed
by California law, excluding any laws that direct the application of another jurisdiction’s laws. Venue for resolution of any dispute that arises under or relates to this Contract, including mediation, shall be San Francisco, California.

26. **ENTIRE CONTRACT AND MODIFICATION** – This Contract represents the final, complete, and exclusive statement of the agreement between the parties related to CONTRACTOR providing services to DISTRICT and supersedes all prior and contemporaneous understandings and agreements of the parties. No party has been induced to enter into this Contract by, nor is any party relying upon, any representation or warranty outside those expressly set forth herein. This Contract may only be amended by mutual agreement of the parties in writing and signed by both parties.

27. **SURVIVAL OF TERMS** – The provisions of sections 7 (Indemnification), 13 (Confidentiality), 14 (Intellectual Property Rights), and 15 (Publication) shall survive the expiration or termination of this Contract.

IN WITNESS WHEREOF, the parties to this Contract have caused this Contract to be duly executed on their behalf by their authorized representatives.

Re: Authorization to Amend a Contract with Commercial Interior Builders

RECOMMENDED ACTION

Recommend Board of Directors authorize the Executive Officer/APCO to execute a contract amendment with Commercial Interior Builders to increase the contract amount by $125,000 to account for the costs associated with necessary renovations to Air District monitoring field stations, for an amended contract amount of $225,000.

BACKGROUND

The Meteorology and Measurement Division has identified two field stations in need of renovation to meet basic operational needs. These stations, one in East Oakland and one newly leased in Livermore, require upgrades to meet Federal and State ambient air monitoring objectives and to comply with National Ambient Air Quality Standards regulatory requirements. The amended cost to renovate the Oakland East and Livermore stations is not to exceed $125,000.

DISCUSSION

The Oakland East Station Expansion Project provides doubles the current operational footprint, thereby allowing additional air monitoring equipment testing and increased data collection capacity.

The Livermore-Portola Expansion Project deploys a new Photochemical Assessment Monitoring Station to meet regulatory needs. This new site will replace the soon to be decommissioned Livermore-Rincon station. Once the Livermore-Portola station is operational and provides comparable data with the existing station, the former Livermore-Rincon station will then be closed. The Livermore-Portola station renovations are nearly complete, but there is still outstanding structural work on the rooftop and interior of the station that will be covered by the requested contract expansion.
Based on necessary renovations at Livermore-Rincon, Oakland East and other existing locations, the Meteorology and Measurement Division requests an increase in the contact amount to complete these construction projects.

BUDGET CONSIDERATION/FINANCIAL IMPACT

None. The funds for this contract are included in the Fiscal Year Ending (FYE) 2022 budget.

Executive Officer/APCO

12. REPORTS AND SURVEYS – DISTRICT shall furnish prior to the start of work under a Project
Order all maps, surveys and reports describing the physical characteristics, soil, geological
and subsurface conditions, legal limitations, utility locations and legal descriptions that

to locate the principal parts of the work and perform the work.

necessary for the prosecution of the work under a Project Order shall be obtained and paid
for by CONTRACTOR. DISTRICT shall assist CONTRACTOR in obtaining such permits and
licenses. Permits, licenses and easements for permanent structures or permanent changes
in existing facilities shall be secured and paid for DISTRICT.

CONTRACTOR shall give all notices and comply with all laws, ordinances, rules and
regulations bearing on the performance of the work. If CONTRACTOR observes that
drawings, specifications or other Project Documents are at variance with such laws,
ordinances, rules and regulations, DISTRICT shall promptly be notified and, if necessary, an
adjustment made to the project time or project price.

CONTRACTOR shall maintain in full force and effect during the performance of all work
under this Contract all licenses required by the California Contractors State License Board
for such work.

14. SITE ACCESS AND RIGHTS OF WAY – DISTRICT shall provide, no later than the date when
needed by CONTRACTOR, all necessary access to the lands upon which the work is to be
performed, including convenient access to the lands and any other lands designated in the
Project Documents for use by CONTRACTOR. DISTRICT shall continue to provide such access
until completion of the Contract.
15. PROPERTY AND SECURITY – Without limiting CONTRACTOR’S obligations with regard to security, CONTRACTOR shall comply with all the rules and regulations established by DISTRICT for access to and activity in and around DISTRICT’s premises.

16. DIFFERING SITE CONDITIONS – CONTRACTOR shall promptly, and before the following conditions are disturbed, notify DISTRICT, in writing, of any:
A. Material that CONTRACTOR believes may be material that is hazardous waste, or a toxic pollutant or other substance, the handling of which may subject CONTRACTOR to legal liability.
B. Subsurface or latent physical conditions at the work site differing from those indicated in the Project Order; or
C. Unknown physical conditions at the work site of any unusual nature, materially different from those ordinarily encountered and generally recognized as inherent to work of the character provided for in the Project Order.

DISTRICT shall promptly investigate. If DISTRICT finds that the worksite conditions do materially differ, or involve hazardous waste or toxic pollutants, DISTRICT shall cause a decrease or increase in CONTRACTOR’s cost of, or the time required for, performance of the affected part of the work by issuing a change order under the procedures described in the Contract.

17. CHANGES IN WORK – The work under a Project Order shall be subject to changes or additions, deletions or revisions by DISTRICT. CONTRACTOR will be notified by receipt of written additions and/or revised drawings, specifications, exhibits or written orders.

Whenever an adjustment in the project price or project time is required because of DISTRICT’s request, differing site conditions, errors in the plans and specifications, or other circumstances beyond the control of CONTRACTOR (including lack of worksite access, weather, fires, floods, strikes, acts of God, natural disasters, or acts of third parties), CONTRACTOR shall submit to DISTRICT within a reasonable time a detailed estimate, with supporting calculations, pricing and adjustments in the schedule of the change to the project price and the project time. Pricing of the adjustment shall be in general accordance with the pricing structure of the Project Order. However, to the extent that such pricing is inapplicable, cost of the change or the amount of the adjustment shall be determined on the basis of the cost to CONTRACTOR plus reasonable amounts for overhead and profit.

CONTRACTOR shall not be obligated to perform changes in the work or additional work until DISTRICT has approved, in writing, the changes to the project price and the project time.

18. LABOR AND MATERIALS
A. Unless otherwise provided in the Project Order, CONTRACTOR shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, transportation, and other facilities and services necessary for proper execution and completion of the work whether temporary or permanent and whether or not incorporated or to be incorporated in the work.
B. CONTRACTOR shall enforce strict discipline and good order among CONTRACTOR's employees and other persons carrying out work under this Contract. CONTRACTOR shall not permit employment of unfit persons or persons not skilled in tasks assigned to them.

C. CONTRACTOR shall deliver, handle, store and install materials in accordance with manufacturers' instructions.

D. CONTRACTOR may make substitutions only with the consent of DISTRICT.

19. CLEAN WORK SITE — CONTRACTOR shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. At completion of the work, CONTRACTOR shall remove from and about the work site waste materials, rubbish, CONTRACTOR's tools, construction equipment, machinery and surplus material.

20. WARRANTY — CONTRACTOR warrants to DISTRICT that all materials and equipment furnished under this Contract shall be of good quality and new unless otherwise required or permitted by the Contract and that all work under this agreement will be performed in a good and workmanlike manner, shall be of good quality, free from faults and defects, and in conformance with the Contract and Project Order.

21. INSPECTION OF THE WORK — CONTRACTOR shall make the work accessible at all reasonable times for inspection by DISTRICT. CONTRACTOR shall inspect all material and equipment delivered to the job site by others to be used or incorporated in CONTRACTOR's work.

22. SUSPENSION OF WORK
   A. If CONTRACTOR fails to correct work that is not in accordance with the requirements of the Contract, or a Project Order under the Contract, or persistently fails to carry out the work in accordance with the Contract, or a Project Order under the Contract, DISTRICT may issue a written order to CONTRACTOR to stop the work or any portion thereof, until the cause for such order is eliminated; however, the right of DISTRICT to stop the work shall not give rise to a duty on the part of DISTRICT to exercise the right for the benefit of CONTRACTOR or any other person or entity.
   B. If CONTRACTOR defaults or persistently fails or neglects to carry out the work in accordance with the Contract, or a Project Order under the Contract, or fails to perform a provision of the Contract or Project Order, DISTRICT, after 10 days' written notice to CONTRACTOR and without prejudice to any other remedy DISTRICT may have, may make good such deficiencies and may deduct the reasonable cost thereof from the payment then or thereafter due CONTRACTOR.

23. TERMINATION
   A. If DISTRICT fails for a period of 30 days to make a payment due under the Contract, CONTRACTOR may, upon seven additional days' written notice to DISTRICT, terminate the Contract and recover from DISTRICT payment for work executed and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery, including reasonable overhead and profit on the work executed.
B. DISTRICT reserves the right to terminate work under this Contract for its convenience upon notice in writing to CONTRACTOR. In such an event, CONTRACTOR shall be paid its actual costs for the portion of the work performed to the date of termination, and for all of CONTRACTOR’s incurred costs of termination, including demobilization and any termination charges by vendors and subcontractors, plus reasonable overhead and profit on the work executed.

24. DISPUTE RESOLUTION – Any controversy or claim arising out of or relating to this Contract or its alleged breach, which can not be resolved by mutual agreement, shall be settled by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association in effect upon the date of a request for mediation. A party requesting mediation shall file the request in writing with the other party and with the American Arbitration Association or, upon mutual agreement of the parties, with some other mediator or association.

25. CONFIDENTIALITY – It is expressly understood and agreed that in performing work under this Contract, CONTRACTOR will have access to DISTRICT premises and to information related to DISTRICT operations and business, and CONTRACTOR agrees to:
A. Observe complete confidentiality with respect to such information, including without limitation, agreeing not to disclose or otherwise permit access to such information by any other person or entity in any manner whatsoever, except that such disclosure or access shall be permitted to employees of CONTRACTOR requiring access in fulfillment of the services provided under this Contract.
B. Ensure that CONTRACTOR’s officers, employees, agents, representatives, and independent contractors are informed of the confidential nature of such information and to assure by agreement or otherwise that they are prohibited from copying or revealing, for any purpose whatsoever, the contents of such information or any part thereof, or from taking any action otherwise prohibited under this section.
C. Not use such information or any part thereof in the performance of services to others or for the benefit of others in any form whatsoever whether gratuitously or for valuable consideration, except as permitted under this Contract.
D. Notify DISTRICT promptly and in writing of the circumstances surrounding any possession, use, or knowledge of such information or any part thereof by any person or entity other than those authorized by this section. Take at CONTRACTOR’s expense, but at DISTRICT’s option and in any event under DISTRICT’s control, any legal action necessary to prevent unauthorized use of such information by any third party or entity which has gained access to such information at least in part due to the fault of CONTRACTOR.
E. Take any and all other actions necessary or desirable to assure such continued confidentiality and protection of such information during the term of this Contract and following expiration or termination of the Contract.
F. Prevent access to such materials by a person or entity not authorized under this Contract.
G. Establish specific procedures in order to fulfill the obligations of this section.
26. **NON-DISCRIMINATION** – In the performance of this Contract, CONTRACTOR shall not discriminate in its recruitment, hiring, promotion, demotion, and termination practices on the basis of race, religious creed, color, national origin, ancestry, sex, age, marital status, sexual orientation, medical condition, or physical or mental disability and shall comply with the provisions of the California Fair Employment & Housing Act (Government Code Section 12900 et seq.), the Federal Civil Rights Act of 1964 (P.L. 88-352) and all amendments thereto, and all administrative rules and regulations issued pursuant to said Acts. CONTRACTOR shall also require each subcontractor performing work in connection with this Contract to comply with this section and shall include in each contract with such subcontractor provisions to accomplish the requirements of this section.

27. **ASSIGNMENT** – No party shall assign, sell, license, or otherwise transfer any rights or obligations under this Contract to a third party without the prior written consent of the other party, and any attempt to do so shall be void upon inception.

28. **WAIVER** – No waiver of a breach, of failure of any condition, or of any right or remedy contained in or granted by the provisions of this Contract shall be effective unless it is in writing and signed by the party waiving the breach, failure, right, or remedy. No waiver of any breach, failure, right, or remedy shall be deemed a waiver of any other breach, whether or not similar, nor shall any waiver constitute a continuing waiver unless the writing so specifies. Further, the failure of a party to enforce performance by the other party of any term, covenant, or condition of this Contract, and the failure of a party to exercise any rights or remedies hereunder, shall not be deemed a waiver or relinquishment by that party to enforce future performance of any such terms, covenants, or conditions, or to exercise any future rights or remedies.

29. **ATTORNEYS’ FEES** – In the event any action is filed in connection with the enforcement or interpretation of this Contract, each party shall bear its own attorneys’ fees and costs.

30. **FORCE MAJEURE** – Neither DISTRICT nor CONTRACTOR shall be liable for or deemed to be in default for any delay or failure in performance under this Contract or interruption of services resulting, directly or indirectly, from acts of God, enemy or hostile governmental action, civil commotion, strikes, lockouts, labor disputes, fire or other casualty, judicial orders, governmental controls, regulations or restrictions, inability to obtain labor or materials or reasonable substitutes for labor or materials necessary for performance of the services, or other causes, except financial, that are beyond the reasonable control of DISTRICT or CONTRACTOR, for a period of time equal to the period of such force majeure event, provided that the party failing to perform notifies the other party within fifteen calendar days of discovery of the force majeure event, and provided further that that party takes all reasonable action to mitigate the damages resulting from the failure to perform. Notwithstanding the above, if the cause of the force majeure event is due to party’s own action or inaction, then such cause shall not excuse that party from performance under this Contract.
31. **SEVERABILITY** – If a court of competent jurisdiction holds any provision of this Contract to be illegal, unenforceable or invalid in whole or in part for any reason, the validity and enforceability of the remaining provisions, or portions of them will not be affected.

32. **HEADINGS** – Headings on the sections and paragraphs of this Contract are for convenience and reference only, and the words contained therein shall in no way be held to explain, modify, amplify, or aid in the interpretation, construction, or meaning of the provisions of this Contract.

33. **COUNTERPARTS/FACSIMILES/SCANS** – This Contract may be executed and delivered in any number of counterparts, each of which, when executed and delivered, shall be deemed an original, and all of which together shall constitute the same contract. The parties may rely upon a facsimile copy or scanned copy of any party's signature as an original for all purposes.

34. **GOVERNING LAW** – Any dispute that arises under or relates to this Contract shall be governed by California law, excluding any laws that direct the application to another jurisdiction's laws. Venue for resolution of any dispute that arises under or relates to this Contract, including mediation, shall be San Francisco, California.

35. **ENTIRE CONTRACT AND MODIFICATION** – This Contract represents the final, complete, and exclusive statement of the agreement between the parties related to CONTRACTOR providing services to DISTRICT and supersedes all prior and contemporaneous understandings and agreements of the parties. No party has been induced to enter into this Contract by, nor is any party relying upon, any representation or warranty outside those expressly set forth herein. This Contract may only be amended by mutual agreement of the parties in writing and signed by both parties.

36. **SURVIVAL OF TERMS** – The provisions of sections 10 (Indemnification) and 25 (Confidentiality) shall survive the expiration or termination of this Contract.
IN WITNESS WHEREOF, the parties to this Contract have caused this Contract to be duly executed on their behalf by their authorized representatives.

**DISCUSSION**

Since the Board’s vote on December 1, 2021, Air District staff identified one additional proposal from the current solicitation that meets AB 617 funding requirements and received a score above 70 from the review panel. Air District staff request that the Board of the Directors
approve funding SOMCAN’s proposal in the amount listed below. SOMCAN’s proposal received a score of 83 points out of a possible 100 from the review panel, and SOMCAN’s proposed project comports with the provisions outlined in the Air District’s Grant Agreement with CARB.

Re: Consider Adopting Proposed Amendments to the Air District's Administrative Code, Division I: Operating Policies and Procedures, Section 6: Board of Directors, Committees

RECOMMENDED ACTION

The Board of Directors will consider adopting proposed amendments to the Air District's Administrative Code, Division I: Operating Policies and Procedures, Section 6: Board of Directors, Committees.

BACKGROUND

In accordance with provisions of the Administrative Code governing amendments to the Code, notice was given at the January 19, 2022, Board of Directors (Board) meeting that the Board would consider at its next regular meeting, amendments to the Administrative Code, Division I: Operating Policies and Procedures, Section 6: Board of Directors, Committees.

These amendments will recreate the Budget and Finance Committee and transfer certain functions from the Administrative Committee to the Budget and Finance Committee. These proposed amendments, if adopted, will replace the entirety of the existing text in Administrative Code, Division I: Operating Policies and Procedures, Section 6: Board of Directors, Committees.

DISCUSSION

Administrative Code Section 14.1, Amendments Mechanism, requires the noticing of proposed amendments at a preceding meeting of the Board of Directors before adoption can take place. These proposed amendments were noticed at the Board of Directors' meeting of January 19, 2022. Adoption of these proposed amendments can now be considered.
All amendments are reflected in the attached underline/strikethrough version of the Administrative Code. The proposed amendments to the Administrative Code are attached for the Board's review and consideration.

Re: Authorization to Amend Environmental Consultant Contract

RECOMMENDED ACTION

Recommend Board of Directors authorize the Executive Officer/APCO to increase funding available to CEQA consultant, PlaceWorks, in an amount not to exceed $300,000.

BACKGROUND

This contract includes services for developing and preparing Initial Studies, Negative Declarations, Environmental Impact Reports, or other CEQA-related documents as specified by Air District staff. The Air District solicited bids from consultants that can demonstrate extensive experience with CEQA analysis and CEQA document development/preparation as related to air quality permits and air quality planning.

This contract amendment will support the Air District's role in CEQA for the following projects in San Francisco, CA:

CEMEX submitted a permit application to increase material throughput at the existing barge conveyors (Air District Application #28001). CEMEX is seeking to increase sand and aggregate throughput at the site on Pier 92.

Hanson Aggregates submitted applications to permit two material handling sites located on Pier 92 and Pier 94 (Air District Applications #28839 and #27982). The Pier 92 facility was previously determined to be exempt but no longer meets the permitting exemption requirements. The Pier 94 facility began operation without a permit.

Recology located at Pier 94 submitted a permit application to permit a concrete and asphalt crushing facility (Air District Application #31182). The facility began operation without a permit.
To assist Air District staff in its CEQA work, the Air District entered into a master service contract with an environmental consultant, PlaceWorks on July 8, 2018, for services not to exceed $100,000 in cost—Contract No. 2018.166.

DISCUSSION

In April 2018, the Air District posted an open solicitation Request for Proposals (2018-003) to perform CEQA analyses for State and/or federal air quality plans, Community Action Plans and rule development projects. Four applications were received and scored by a panel based on expertise, skills, approach and cost. As a result of this competitive process, three consultants, including PlaceWorks, Inc., entered into Master Service Agreements to assist with the Air District’s on-going multi-divisional CEQA analyses needs. The contract term for PlaceWorks’ Master Service Agreement is from July 1, 2018 to June 30, 2022.

BUDGET CONSIDERATION/FINANCIAL IMPACT

None. The Air District will seek full reimbursement from CEMEX Construction, Hanson Aggregates, and Recology for the costs associated with this contract amendment. Air District Regulation 3 Fees Section 3-315 requires the applicant for an Authority to Construct to pay “the District’s costs of performing any environmental evaluation and preparing and filing any documents pursuant to the California Environmental Quality Act (Public Resources Code, Section 21000, et seq), including the costs of any outside consulting assistance which the District may employ in connection with the preparation of any such evaluation or documentation, as well as the District's reasonable internal costs (including overhead) of processing, reviewing, or filing any environmental evaluation or documentation.”

Respectfully submitted,

Jack P. Broadbent
Executive Officer/APCO

B. All Task Orders issued by DISTRICT to CONTRACTOR for services during the term of this Contract are subject to the provisions of this Contract as though fully set forth in such Task Order. In the event that the provisions of this Contract conflict with any Task Order issued by DISTRICT to CONTRACTOR, the provisions of this Contract shall govern. No other terms and conditions, including, but not limited to, those contained in CONTRACTOR’s standard printed terms and conditions, on CONTRACTOR’s order acknowledgment, invoices or otherwise, shall have any application to or effect upon or be deemed to constitute an amendment to or to be incorporated into this Contract, any Task Order, or any transactions occurring pursuant hereto or thereto, unless this Contract shall be specifically amended to adopt such other terms and conditions in writing by the parties.

C. Notwithstanding any other provision of this Contract to the contrary, DISTRICT shall have no obligation to order or purchase any services hereunder and the placement of any Task Order
shall be in the sole discretion of DISTRICT. Without limiting the generality of the foregoing, the actual quantity of services to be purchased hereunder shall be determined by DISTRICT in its sole discretion and shall not exceed $100,000. 27. **COUNTERPARTS/FACSIMILES/SCANS** – This Contract may be executed and delivered in any number of counterparts, each of which, when executed and delivered, shall be deemed an original, and all of which together shall constitute the same contract. The parties may rely upon a facsimile copy or scanned copy of any party's signature as an original for all purposes.

28. **GOVERNING LAW** – Any dispute that arises under or relates to this Contract shall be governed by California law, excluding any laws that direct the application of another jurisdiction's laws. Venue for resolution of any dispute that arises under or relates to this Contract, including mediation, shall be San Francisco, California.

29. **ENTIRE CONTRACT AND MODIFICATION** – This Contract represents the final, complete, and exclusive statement of the agreement between the parties related to CONTRACTOR providing services to DISTRICT and supersedes all prior and contemporaneous understandings and agreements of the parties. No party has been induced to enter into this Contract by, nor is any party relying upon, any representation or warranty outside those expressly set forth herein. This Contract may only be amended by mutual agreement of the parties in writing and signed by both parties.

30. **SURVIVAL OF TERMS** – The provisions of sections 8 (Indemnification), 16 (Confidentiality), 17 (Intellectual Property Rights), and 18 (Publication) shall survive the expiration or termination of this Contract.

GUIDELINES

Making Travel Arrangements
When making travel arrangements, Contractor should take reasonable measures to secure the lowest fares and prices for transportation, lodging, and food. Documentation of this research will be required to receive reimbursement. Please note that booking travel and hotel arrangements at the same time can result in significant savings to the District and therefore is encouraged.

1. The Bay Area Air Quality Management District shall reimburse travel-related expenses to cover lodging, meals, other incidental expenses and costs of transportation subject to the following limitations:

   - **Air Transportation** - Coach class rate for all flights. If coach is not available, business class rate is permissible only with prior written client approval.

   - **Car Rental** – A compact car rental. Mid-size cars rentals are permissible if the rental is shared by three or more individuals.

   - **Lodging** – Holiday Inn will be used up to the [federal GSA FTR rates](#) for San Francisco, California. If Holiday Inn is not used then reimbursement will be at the [current rate for a standard room at Holiday Inn](#).

   - **Meals** – Up to the [federal GSA FTR rates](#) for San Francisco, California.

   - **Incidentals** – Up to the [federal GSA FTR rates](#) for San Francisco, California.

   - **Mileage** – Reimbursement will be provided at the [current reimbursement rate](#) for each mile, or the equivalent of the IRS Mileage rate, whichever is greater.

   - **Parking** - Travelers will be reimbursed for airport parking or nearby lots for overnight or day trips. For trips ranging from 2-7 days, outlying or long-term lots are recommended. For trips of longer duration, the cost of shuttle service in lieu of parking charges shall be considered. Travelers will be reimbursed for parking near the BAAQMD office for meetings.

   - **Ground Transportation** – The least expensive means of transportation shall be used within the Bay Area, considering time and other constraints. Travelers not affiliated with the San Francisco or Oakland office will be reimbursed for public transportation and taxis, provided they do not have a rental car.
2. Supporting documentation shall be provided for travel-related expenses in accordance with the following requirements:

- **Airfare, Car Rentals, Lodging** – Bills for actual expenses incurred.

- **Meals** – Meals billed in excess of $25.00 each day require receipts or other supporting documentation for the total amount of the bill to be approved by the DISTRICT.

- **Other Travel Related Expenses** – Receipts are required for all individual items in excess of twenty five dollars ($25.00).

3. Travel Time Charging

- Contractor employees (and subcontractors) are to record hours actually worked (those in which a benefit to the DISTRICT was provided during travel) when traveling on business for the firm. This normally will not include all hours during travel, except when all travel is within the normal business day (8:00 AM – 5:00 PM). If travel is on a normal business day, then travel will be arranged for morning or evening so as to minimize travel during working hours (8:00 AM – 5:00 PM) and maximize on-site time on the day of travel. Time that is incurred because of personal preference or combining personal travel with business is not to be charged.

Re: Report of the Community Advisory Council Meeting of January 13, 2022

RECOMMENDED ACTION

None; receive and file.

BACKGROUND

The Community Advisory Council is a Brown Act Committee and consists of 17 community members from across the Bay Area. The council members reflect the diversity of the communities in the Bay Area and the lived experiences of those living in communities heavily impacted by air pollution. The individuals on the council have diverse skill sets and a range of relevant knowledge and technical experience. The Community Advisory Council was created at the request of the community and will provide input on key Air District initiatives. The Air District is working to support racial equity and environmental justice throughout its work under the direction of Veronica Eady, senior deputy executive officer of policy and equity.

DISCUSSION

The Air District’s Community Advisory Council met for the first time on Thursday, January 13, 2022. This meeting was conducted under procedures authorized by Assembly Bill 361. Members of the Council participated by teleconference.

The Council members were welcomed by Board Chairperson, Karen Mitchoff, and Executive Air District staff, and then asked to introduce themselves.

The Council then received the staff presentation Overview of the Ralph M. Brown Act. During this item, members of the Council expressed interest in holding gatherings so that they might meet each other without violating the Brown Act. It was proposed that meeting times be extended to allow the Council members time to speak with each other before selecting officers.

The Council then received the staff presentation Introduction to the Air District, describing the Air District’s history and administrative process.
During Item 8 (Council Member Comments) action was taken, based on discussion from previous items earlier on the agenda. The Council directed staff to do the following:

1. Add an agenda item to the next (Community Advisory Council) meeting on community health monitoring.

The next meeting of the Community Advisory Council will be held at a date uncertain, tentatively in March 2022, via webcast, pursuant to procedures in accordance with Assembly Bill 361. This concludes the Summary Report of the Community Advisory Council.

Re: Report of the Path to Clean Air Community Emissions Reduction Plan Steering Committee Meeting of January 24, 2022

RECOMMENDED ACTION

None; receive and file.

BACKGROUND

None.

DISCUSSION

The Richmond Area Community Emissions Reduction Plan Steering Committee met on Monday, January 24, 2022, and approved the minutes of December 13, 2021. This meeting was conducted under procedures authorized by Assembly Bill 361. Members of the Committee participated by teleconference.

The Committee then welcomed two new members, who were asked to give introductions.

The Committee then received and discussed the staff presentation Social Pinpoint, which featured the community mapping work of several community organizing grantees. The Air District had awarded $72,848 to six nonprofit organizations in the Richmond/North Richmond/San Pablo area. The grantees engaged with community members and informed them of the development of the Steering Committee’s strategies to reduce air pollution and protect public health. These grants explicitly targeted outreach to underrepresented groups in the area, to ensure that their concerns are incorporated into the problem identification and development of strategies and solutions.

Finally, the Committee received and discussed the staff presentation How Measurements and Modeling Help Develop a Community Emissions Reduction Plan, which explained how the technical assessment fits in the overall Community Emissions Reduction Plan development process, and how insights from air quality modeling and measurements can help inform air
quality concerns, such as the Richmond Chevron refinery and on road mobile sources.

The next meeting of the Richmond Area Community Emissions Reduction Plan Steering Committee will be held on Monday, February 28, 2022, at 5:30 p.m., via webcast, pursuant to procedures in accordance with Assembly Bill 361. This concludes the Chair Report of the Richmond Area Community Emissions Reduction Plan Steering Committee.

BACKGROUND

Air District staff conducted an application process that closed on November 19, 2021, and convened a review panel consisting of four Community Steering Committee (CSC) members and one CSC Co-Chair. Air District staff recommend the Committee review the summary of applicants, application materials, and recommendations from the CSC review panel to develop a slate of recommended candidates to fill the vacant seats.

On December 2, 2021, the Community Equity, Health, and Justice Committee of the Board of Directors (Board) reviewed the CSC recommendations and chose four candidates to recommend for the Board to select for the vacancies. On December 15, 2021, those recommendations were adopted, and four new members were selected for the Path to Clean Air CSC, and two have accepted: Simren Sandhu, and Marisol Cantú.

Re: Community Organizing Grantees Report Out on Community Mapping Work

RECOMMENDED ACTION

None; receive and file.

BACKGROUND

The California Air Resources Board Community Air Protection Blueprint underlines, “Most importantly, underpinning AB 617 is the understanding that community members must be active partners in envisioning, developing, and implementing actions to clean up the air in their communities.” Towards this end, the Air District awarded $72,848 to six nonprofit organizations in the Richmond, North Richmond, and San Pablo area to organize and engage with community members to provide input to inform the development of strategies with the Steering Committee, that will reduce air pollution and protect public health especially in vulnerable communities. These grants explicitly targeted outreach to underrepresented groups in the area, to ensure they have a voice, and their concerns are incorporated into the problem identification and development of strategies and solutions.

The Air District also developed an interactive mapping platform that will allow local community members to share their input and stories on a publicly available online map. In total, the organizers helped gather over 490 comments and 374 survey responses. They also educated youth in workshops, coordinated air pollution-themed bike tours, conducted youth social media contests, and hired youth organizers among many other types of projects.

DISCUSSION

This agenda item will highlight the results from these organizing efforts, as well as lessons learned, and feedback to share with the Community Steering Committee (CSC) about the communities’ perceptions and concerns around air quality.

RECOMMENDED ACTION

BACKGROUND

Technical assessment tools, such as air quality measurements and modeling, play an important role in the CERP development process. The technical assessment can help inform key air quality issues and concerns, develop and prioritize strategies and mitigation efforts, set targets, and track progress.

DISCUSSION

Building on previous presentations that introduced technical assessment concepts, tools, and methods, in this presentation Air District staff will describe how the technical assessment fits in the overall CERP development process. Staff will illustrate how insights from air quality modeling and measurements can help inform two example air quality concerns: Chevron and on-road mobile sources.

Re: Agenda Management System (AMS) Launch

RECOMMENDED ACTION

None; receive and file.

BACKGROUND

Previously, the Bay Area Air Quality Management District (Air District) did not have an electronic agenda management system in place. Executive Office (EO) staff prepared hard copy draft agenda packets that were hand-routed to the EO Manager, one senior Executive Officer, five Deputy Air Pollution Control Officers (DAPCOs), Legal Counsel, and the Air Pollution Control Officer (APCO) for signature of approval. Revised copies of the agenda packet were printed after each change during the routing process. The final packets were also physically mailed and emailed to the Board, staff, and other stakeholders.

The Air District initiated a Request for Proposal (RFP) seeking a solution to create a more efficient and sustainable agenda packet preparation process for the Air District Board of Directors and Committee meetings.

DISCUSSION
