DISTRICT

**AGENDA: 4**

# **Update on Modeling Health Risks from Local Sources of Fine Particulate Matter (PM<sub>2.5</sub>)**

**Advisory Council Meeting  
June 12, 2023**

**David Holstius, PhD  
Senior Advanced Projects Advisor  
[dholstius@baaqmd.gov](mailto:dholstius@baaqmd.gov)**

# Overview

1. Remarks on feedback
2. Update on next steps

# Prior Feedback

## 1: Methodology

- Strength of the science
  - Epidemiology & causation
  - Below current NAAQS
  - For asthma
- Accuracy
- Uncertainty
- Completeness
- Risk magnitude
- Adjustments for vulnerable groups

## 2: Policy / Implementation

- Authority & precedent
- Ramifications
- Efficiency
- Context

## 3: Minor

- Technical details
- Clarifications

# OEHHA Feedback

- Overall supportive of draft methodology
- Also supportive of scientific foundations
- Specific recommendations for improvements will be incorporated in version 2.0

# Update on Next Steps

- Updates to methodology white paper (v2.0)
- Responses posted to written comments
- Public process on policy-oriented issues
- Transition to considering applications
- Case studies

# Thank You

## Questions and comments
