## **PUBLIC COMMENT ON AGENDA ITEMS**

**The public may comment on each item on the agenda as the item is taken up. Members of the public who wish to speak on a matter on the agenda will have two minutes each to address the Committee on that agenda item, unless a different time limit is established by the Chair. No speaker who has already spoken on an item will be entitled to speak to that item again.**

**Written public comments can be emailed to [comments@baaqmd.gov](mailto:comments@baaqmd.gov) or through the Air District's website via the "Submit a Comment" feature for this meeting. Written public comments emailed by 10:00 a.m. on the business day prior to this meeting will be provided to the Committee members in advance of the meeting. Written public comments emailed after that deadline will be provided to the Committee members following the meeting's adjournment. Unless directed by the Chair, written public comments will not be read aloud during the meeting.**

**The Committee welcomes comments, including criticism, about the policies, procedures, programs, or services of the Air District, or of the acts or omissions of the Committee. Speakers shall not use threatening, profane, or abusive language which disrupts, disturbs, or otherwise impedes the orderly conduct of a Committee meeting. The Air District is committed to maintaining a workplace free of unlawful harassment and is mindful that Air District staff regularly attend Committee meetings. Discriminatory statements or conduct that would potentially violate the Fair Employment and Housing Act – i.e., statements or conduct that is hostile, intimidating, oppressive, or abusive – is *per se* disruptive to a meeting and will not be tolerated.**

## **OTHER BUSINESS**

### 5. Public Comment on Non-Agenda Matters

*Pursuant to Government Code Section 54954.3, members of the public who wish to speak on matters not on the agenda will be given an opportunity to address the Committee. Members of the public will have two minutes each to address the Committee, unless a different time limit is established by the Chair. The Committee welcomes comments, including criticism, about the policies, procedures, programs, or services of the Air District, or of the acts or omissions of the Committee. Speakers shall not use threatening, profane, or abusive language which disrupts, disturbs, or otherwise impedes the orderly conduct of a Committee meeting. The Air District is committed to maintaining a workplace free of unlawful harassment and is mindful that Air District staff regularly attend Committee meetings. Discriminatory statements or conduct that would potentially violate the Fair Employment and Housing Act – i.e., statements or conduct that is hostile, intimidating, oppressive, or abusive – is per se disruptive to a meeting and will not be tolerated.*

### 6. Committee Member Comments

*Any member of the Committee, or its staff, on their own initiative or in response to questions posed by the public, may: ask a question for clarification, make a brief announcement or report on their own activities, provide a reference to staff regarding factual information, request staff to report back at a subsequent meeting concerning any matter or take action to direct staff to place a matter of business on a future agenda. (Gov't Code § 54954.2)*

### 7. Time and Place of Next Meeting

*Wednesday, September 16, 2026, at 10:00 a.m. The meeting will be held in-person at the Bay Area Metro Center and at satellite locations as may be specified on the meeting agenda using a remote teleconferencing link. ### **Accessibility and Non-Discrimination Policy**

The Bay Area Air District (Air District) does not discriminate on the basis of race, national origin, ethnic group identification, ancestry, religion, age, sex, sexual orientation, gender identity, gender expression, color, genetic information, medical condition, or mental or physical disability, or any other attribute or belief protected by law.

It is the Air District's policy to provide fair and equal access to the benefits of a program or activity administered by Air District. The Air District will not tolerate discrimination against any person(s) seeking to participate in, or receive the benefits of, any program or activity offered or conducted by the Air District. Members of the public who believe they or others were unlawfully denied full and equal access to an Air District program or activity may file a discrimination complaint under this policy. This non-discrimination policy also applies to other people or entities affiliated with Air District, including contractors or grantees that the Air District utilizes to provide benefits and services to members of the public.

Auxiliary aids and services including, for example, qualified interpreters and/or listening devices, to individuals who are deaf or hard of hearing, and to other individuals as necessary to ensure effective communication or an equal opportunity to participate fully in the benefits, activities, programs and services will be provided by the Air District in a timely manner and in such a way as to protect the privacy and independence of the individual. Please contact the Non-Discrimination Coordinator identified below at least three days in advance of a meeting so that arrangements can be made accordingly.

If you believe discrimination has occurred with respect to an Air District program or activity, you may contact the Non-Discrimination Coordinator identified below or visit our website at [www.baaqmd.gov/accessibility](http://www.baaqmd.gov/accessibility) to learn how and where to file a complaint of discrimination.

Questions regarding this Policy should be directed to the Air District's Non-Discrimination Coordinator, Kimberly Leefatt, Civil Rights Officer at 415-749-4610 or by email at [non-discriminationcoordinator@baaqmd.gov](mailto:non-discriminationcoordinator@baaqmd.gov).

**ACTION ITEM**

**4. STATE LEGISLATIVE UPDATES**

Alan Abbs, Legislative Officer, gave the staff presentation *State Legislative Updates*, including: abbreviations; recommended action; 2026 Legislative Session Bills: 2026 Legislative Session, Board-Adopted Position Bills – Senate Bill (SB) 222 (Wiener), Assembly Bill (AB) 907 (Chen), AB 1777 (Garcia), SB 954 (Blakespear), AB 1791 (Sanchez), AB 2057 (DeMaio), AB 2102 (DeMaio), AB 2349 (Solache), AB 2313 (Berman), AB 2752 (Avila Farias), SB 299 (Cabaldon), SB 1039 (Grove), SB 1075 (Reyes), SB 1159 (Cabaldon), SB 1392 (Cortese and Grove); Air District staff recommendations – AB 2635 (C. Rodriguez), and SB 899 (Grove); additional bills for discussion – AB 1577 (Bauer-Kahan), and AB 2170 (Boerner); State Budget Update Fiscal Year 2026-2027: 2026 State Budget Dates and Deadlines, State Budget Update; and recommended action.

Public Comments

No requests received.

Committee Comments

The Committee and Air District staff discussed the following points regarding the following bills:

- AB 2635 (C. Rodriguez) – whether this bill has been amended to make its implementation contingent upon the availability of state funding; and, as written, whether constraints on the Air District’s future budgets may result, were this bill to be passed.
- SB 299 (Cabaldon) – how the bill language, across successive drafts, related to air quality considerations; and whether day care centers are typically located in industrially-zoned areas.
- SB 1392 (Cortese and Grove) - what the new requirement will be; and whether the bill’s author has considered regulation on lowrider vehicles.

Committee Action

Director Carlson made a motion, seconded by Director Colbert, to recommend the Board adopt positions on pending state legislative bills where appropriate, including but not limited to the following Air District staff recommendations:

**SUPPORT**

**OPPOSE UNLESS AMENDED**

*Senate Bill 899 (Grove)*

*Assembly Bill 2635 (C. Rodriguez)*

AYES:	Carlson, Colbert, Corzo, González, Medina, Salinas, Tam.

ABSTAIN:	None.
ABSENT:	Gallagher, Mueller, Veenker.

**INFORMATIONAL ITEM**

**5. OVERVIEW OF AIR DISTRICT’S HEAVY-DUTY EQUIPMENT GRANT PROGRAMS AND SUMMARY OF RESULTS FOR CALENDAR YEAR 2025**

Adam Shapiro, Strategic Incentives Division Manager, and Daniel Anderson, Senior Staff Specialist, gave the staff presentation, *Overview of Air District’s Heavy-Duty Equipment Grant Programs and Summary of Results for Calendar Year 2025*, including: background: heavy-duty equipment grants, primary funding sources, project types, cost-effectiveness, priority areas, and Strategic Plan; 2025 project summary – contracted projects and emissions reduced; 2025 highlight – greatest emissions reduced, most cost-effective projects, zero-emission funding, and priority communities; 2025 program summary; and Strategic Plan – improving grant implementation, and new programs and tools.

Public Comments

No requests received.

Committee Comments

The Committee and Air District staff discussed the request for cumulative emissions reductions (in tons) achieved over the past 30 years by Air District grant-funded, heavy-duty equipment projects; Hayward Rides, a municipal initiative that provides free bicycles to low-income residents and high school students, and whether a similar program could be implemented in the four designated Bay Area AB 617 communities; concerns regarding the new pilot program in AB 617 Communities, called the Commercial Electric Lawn and Garden Equipment Exchange (eL&G), and the request that the Air District recognizes the current and future needs of landscaping and lawn maintenance companies who may be impacted by such a program; whether the cost-effective limits for conventional fuel and zero-emission equipment may be adjusted; and how the Air District should account for health impacts on smaller populations, compared to broader community impacts, within its analysis.

Committee Action

No action taken.

**OTHER BUSINESS**

**6. PUBLIC COMMENT ON NON-AGENDA MATTERS**

Public comments were given by Jasmine Lozano, 1-888-Heat-Pumps.

**7. COMMITTEE MEMBER COMMENTS**

  - Held under submission in the Senate Appropriations Committee
- [SB 1392 \(Cortese\)](#) – *Smog Check: Exemption: Collector Motor Vehicles*

Oppose Unless Amended:

- [AB 2635 \(C, Rodriguez\)](#) – *Air pollution: small off-road engines: voucher programs: local regulation*
- [SB 1075 \(Reyes\)](#) – *Air Resources: Toxic Air Contaminants: Criteria Air Pollutants: Community Emissions Reduction Programs: Local Community Emissions Reduction Plans*

## **State Budget Update for Fiscal Year (FY) 2026-27**

On January 9, 2026, the Governor released the proposed budget for the FY 2026-27 State Budget. The Governor released the May Revision (May Revise) to the proposed budget for the FY 2026-27 State Budget on May 14, 2026. The Senate and Assembly must vote on and pass a balanced budget by June 15, 2026, to meet the constitutional deadline. The budget bill must be signed by the Governor by July 1. The Legislature may pass additional budget amendments and other changes to the adopted budget after July 1. Air District staff will provide the Committee with a verbal update on the state budget and the status of funding as it pertains to the Air District.

Additional bill information may be found on the [California Legislative Information](#) website.

**Location:** 05/20/2026 - Senate Environmental Quality

**Summary:** Existing law establishes the State Air Resources Board consisting of 14 members with 12 members appointed by the Governor. Existing law provides that members appointed as members from the air districts serve on the state board without compensation. Existing law provides that the elected official members of the state board receive \$100 for each day, or a portion thereof, but not to exceed \$1,000 in any month, attending meetings of the state board or its committees, or upon authorization of the state board while on official business of the state board. Existing law specifies the annual salary of each member of the state board. This bill would require that the members of the state board from air districts receive the annual salary provided to other members of the state board, and would eliminate the \$100 payments provided to elected official members of the state board. **Calendar:** [06/11/26 #5 A-THIRD READING FILE - ASSEMBLY BILLS](#)

**Location:** 05/18/2026 - Assembly THIRD READING

**Summary:** Current law designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Current law authorizes air districts to adopt and implement regulations to reduce or mitigate emissions from indirect sources of air pollution. Current law requires the state board to adopt rules and regulations relating to vehicular emissions standards, as specified, that will achieve the ambient air quality standards required by federal law in conjunction with other measures adopted by the state board, air districts, and the United States Environmental Protection Agency. This bill would authorize the state board, if necessary to carry out that duty to achieve those ambient air quality standards, to adopt regulations to reduce or mitigate emissions from indirect sources of pollution. **Summary:** Current law establishes in the Natural Resources Agency the Department of Forestry and Fire Protection, and requires the department to be responsible for, among other things, fire protection and prevention, as provided. Current law describes state responsibility areas as areas of the state in which the financial responsibility of preventing and suppressing fires has been determined by the State Board of Forestry and Fire Protection to be primarily the responsibility of the state. Current law requires the State Fire Marshal to classify lands within state responsibility areas into fire hazard severity zones and, by regulation, designate fire hazard severity zones and assign to each zone a rating reflecting the degree of severity of fire hazard that is expected to prevail in the zone, as provided. Current law also requires the State Fire Marshal to identify areas of the state as moderate, high, and very high fire hazard severity zones based on specified criteria. Current law requires, within 120 days of receiving a recommendation from the State Fire Marshal that identifies fire hazard severity zones, described above, a local agency to designate, by ordinance, fire hazard severity zones in its jurisdiction, as provided. This bill would, on or before January 1, 2028, and every 2 years thereafter, require the department or a local entity to conduct an assessment, as provided, of all undeveloped public lands for which it is primarily responsible for preventing and suppressing fires to ensure that the public land is not a severe fire hazard. The bill would require this assessment to be posted on the department's and local entity's internet website and would require a local entity conducting the assessment to submit its assessment to the department. The bill would

require all public lands, on or before January 1, 2028, to have 200-foot firebreaks on all borders with private property. (Based on 02/18/2026 text)

**Summary:** Existing law vests the Public Utilities Commission with regulatory authority over public utilities, including gas corporations. Existing law requires, until January 1, 2031, gas corporations to submit to the commission an annual map that includes, among other things, the location of all potential gas distribution line replacement projects identified in its distribution integrity management plan and any foreseeable gas distribution pipeline replacements. This bill, the Home Energy Choice Act, would require the commission, in a new or existing proceeding, to solicit proposals for, and require each gas corporation to offer, a Gas Distribution Service Line Replacement Alternatives Program, on or before January 1, 2028, to provide certain residential gas customers served by a gas distribution service line that will be replaced with a monetary incentive to deploy gas distribution service line replacement alternatives, as defined, and cease gas service to avoid the gas distribution service line replacement, as specified. The bill would exempt from its provisions emergency replacement of a gas distribution service line. (Based on 05/22/2026 text)

**Status:** 05/27/2026 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 05/27/2026 - Senate Rules

**Summary:** Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Existing law requires the state board to inventory sources of air pollution within the air basins of the state, determine the kinds and quantity of air pollutants, and monitor air pollutants in cooperation with districts and other agencies. This bill would require the state board to expand its incident air monitoring program, subject to an appropriation by the Legislature for those purposes, to provide support for a regional network of air quality incident response centers, including at least one air quality incident response and evaluation center located at the South Coast Air Quality Management District, in order to facilitate emergency air monitoring response at the local and regional level. The bill would require each air quality incident response center to be operated by the state board or an air district and would require the state board and each district that operates an air quality incident response center to coordinate to provide emergency air monitoring response for disasters or other crises impacting air quality and public health in the state. **Status:** 05/28/2026 - In Senate. Read first time. To Com. on RLS. for assignment.

**Location:** 05/28/2026 - Senate Rules

**Summary:** Existing law requires the State Air Resources Board, by July 1, 2022, consistent with federal law, to adopt cost-effective and technologically feasible regulations to prohibit engine exhaust and evaporative emissions from new small off-road engines, as defined by the state board. Existing law requires those regulations to apply to engines produced on or after January 1, 2024, or as soon as the state board determines is feasible, whichever is later, and requires the state board to identify, and, to the extent feasible, make available, funding for commercial rebates or similar incentive funding, as specified. This bill would require, to the extent that funding is available, each large and medium air pollution control and air quality management district, no later than January 1, 2028, to implement and maintain a commercial voucher program to support the transition to zero-emission small off-road equipment consistent with specified requirements. By requiring districts to establish a new program, the bill would impose a state-mandated local program. The bill would also require a small rural district or local government that chooses to adopt such a program to comply with specified requirements in administering the program. **Summary:** Existing law establishes the Bay Area Air Quality Management District, which is vested with the authority to regulate air emissions located in the boundaries of the Counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, and Santa Clara and portions of the Counties of Solano and Sonoma. Under existing law, the Lewis-Presley Air Quality Management Act establishes the South Coast Air Quality Management District in those portions of the Counties of Los Angeles, Orange, Riverside, and San Bernardino included within the South Coast Air Basin as the local agency with the responsibility for comprehensive air pollution control within the basin. This bill would require the Bay Area Air Quality Management District and the South Coast Air Quality Management District, on or before December 31, 2027, to analyze specified policies to determine the cost of compliance, potential cost to consumers, impacts on state and local tax revenue, refinery employment, and impacts on the statewide gasoline supply, as provided. **Summary:** Current law requires the State Energy Resources Conservation and Development Commission, on or before January 1, 2019, in consultation with the Contractors State License Board, local building officials, and other stakeholders, to approve a plan that promotes compliance with specified regulations relating to building energy efficiency standards in the installation of central air-conditioning and heat pumps, as specified. Current law authorizes the commission to adopt regulations to increase compliance with permitting and inspection requirements for central air-conditioning and heat pumps, and associated sales and installations, consistent with the above-described plan. The bill would require a city, county, or city and county, beginning July 1, 2027, to adopt and offer asynchronous inspections for installations of residential heat pump water heater or heat pump HVAC systems, as defined, that do not require a licensed contractor and building inspector to be simultaneously present during the inspection. The bill would authorize a building inspector to contact the licensed contractor who performed the installation by telephone call or real-time video conferencing during their inspection, and, if the building inspector determines during an asynchronous inspection that there is an issue with an installation of the heat pump water heater or heat pump HVAC system and that the licensed contractor who performed the installation must be present to perform tests or cure the installation, to require the licensed contractor who performed the installation to schedule an additional inspection in which the building inspector and the licensed contractor who performed the installation are required to be simultaneously present during the additional inspection. **Summary:** The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Current law exempts specified projects from CEQA, including a project that consists exclusively of a day care center, as defined, that is not located in a residential area. This bill would exempt from CEQA a project that consists exclusively of a day care center or a family daycare home, as defined, that is located on a parcel of land zoned exclusively for residential use, except as provided. By imposing additional duties on a lead agency to determine the applicability of these exemptions, the bill would impose a state-mandated local program. (Based on 01/14/2026 text)

**Introduced:** 01/20/2026

**Last Amended:** 05/14/2026

**Status:** 06/08/2026 - VOTE: Do pass and be re-referred to the Committee on [Appropriations] with recommendation: To Consent Calendar (PASS)

**Location:** 06/08/2026 - Assembly Appropriations

**Summary:** Existing law requires the Wildfire and Forest Resilience Task Force to develop a comprehensive implementation strategy to track and ensure the achievement of the goals and key actions identified in the state's "Wildfire and Forest Resilience Action Plan," as provided. Existing law requires, on or before March 1, 2026, and every 5 years thereafter, the task force to update the action plan. This bill would require the task force, on or before July 1, 2028, and in cooperation with the Office of Environmental Health Hazard Assessment, the State Air Resources Board, and the State Department of Public Health, to assess the health costs and impacts of wildfire

smoke using existing wildfire smoke and health data, as provided. The bill would require the task force, in developing this assessment, to, among other things, develop a model to determine the approximate health benefits of achieving the goals identified in the action plan and make recommendations on how the action plan can increase its health benefits. **Summary:** The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA defines various terms, including "natural and protected lands" for its purposes. This bill would revise the definition of that term to include habitats for protected species identified as candidate, sensitive, or species of special status by state or federal agencies. **SB 1039 (Grove, R) Air resources: refinery-related community air monitoring system.**

**Current Text:** 03/19/2026 - Amended [HTML PDF](#)

**Introduced:** 02/11/2026

**Status:** 05/14/2026 - Failed Deadline pursuant to Rule 61(b)(8). (Last location was APPR. SUSPENSE FILE on 4/20/2026)

**Location:** 05/14/2026 - Senate DEAD

**Summary:** Existing law requires a refinery-related community air monitoring system to be installed near each refinery, as provided, and requires the monitoring system to include equipment capable of measuring compounds emitted to the atmosphere from refinery processes. Existing law requires owners or operators of petroleum refineries to develop, install, operate, and maintain a fence-line monitoring system in accordance with guidance developed by the appropriate regional air pollution control district or regional air quality management district. This bill would require guidance adopted to implement the fence-line monitoring system to include a process for a petroleum refinery to provide substantial evidence to the appropriate air district to exclude a pollutant for monitoring in a fence-line monitoring system and would authorize the air district to exclude a pollutant for monitoring at a petroleum refinery fence-line monitoring system if the air district determines that substantial evidence supports certain considerations. Because the bill would require air districts to revise their guidance

related to the fence-line monitoring system, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. (Based on 03/19/2026 text)

**Status:** 05/27/2026 - Amendments by Senator Strickland tabled on motion of Senator Ashby. (Ayes 30. Noes 9.) Read third time. Passed. (Ayes 29. Noes 9.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.

**Location:** 05/27/2026 - Assembly DESK

**Summary:** Existing law requires the State Air Resources Board to prepare a statewide strategy to reduce emissions of toxic air contaminants and criteria air pollutants in communities affected by a high cumulative exposure burden that includes an assessment and identification of those communities. Existing law requires the statewide strategy to be updated at least once every 5 years. Existing law requires the state board, based on the assessment and identification, to select locations around the state for preparation of community emissions reduction programs. Existing law requires the assessment and identification to prioritize disadvantaged communities, as defined. Existing law requires the regional air quality management district or the regional air pollution control district encompassing the location selected by the state board, within one year of selection, to adopt a community emissions reduction program to achieve emissions reductions for the location selected using cost-effective measures, as provided. Existing law requires the state board to provide grants to community-based organizations for technical assistance and to support community participation in the implementation of the statewide strategy. Under this existing regulatory authority, the state board provides grants to development and implement local community emissions reduction plans. This bill would revise the definition of “disadvantaged community” to include a disadvantaged unincorporated community. By expanding the definition of “disadvantaged community,” the bill would expand the duties of districts in the preparation of community emissions reduction programs, thereby imposing a state-mandated local program. **Summary:** The California Constitution provides that people have the right of access to information concerning the conduct of the people's business. Various provisions of existing law, including the California Public Records Act, the Bagley-Keene Open Meeting Act, and the Ralph M. Brown Act, provide, with some exceptions, for public access to government records and meetings of government bodies. Among those acts, the California Public Records Act defines "person" to include any natural person, corporation, partnership, limited liability company, firm, or association. This bill would specify that, for purposes of the California Public Records Act, the Bagley-Keene Open Meeting Act, the Ralph M. Brown Act, the Political Reform Act of 1974, the Administrative Procedure Act, and the California Environmental Quality Act (CEQA), "person," "interested person," "participant," "member of the public," as applicable, and any other similar terms under each act referring to those who may engage with governmental agencies, do not include artificial intelligence, as defined, systems, autonomous agents, robots, or other nonhuman entities, whether physical or digital. The bill would make findings and declarations related to these provisions. (Based on 03/25/2026 text)

**Summary:** Existing law establishes a motor vehicle inspection and maintenance (smog check) program that is administered by the Department of Consumer Affairs. The smog check program requires inspection of motor vehicles upon initial registration, biennially upon renewal of registration, upon transfer of ownership, and in certain other circumstances. Existing law requires all motor vehicles to biennially obtain a certificate of compliance or noncompliance, as provided. Existing law exempts specified vehicles from obtaining the certificate of compliance or noncompliance, including, among others, all motor vehicles manufactured before the 1976 model year. Existing law also exempts from specified portions of the smog test, both biennially and at transfer, a collector motor vehicle that is insured as a collector motor vehicle, is at least 35 model years old, complies with the exhaust emissions standards for that motor vehicle's class and model year as prescribed by the department, and passes a functional inspection of the fuel cap and a visual inspection for liquid fuel leaks. Existing law defines collector motor vehicle for this purpose to mean a motor vehicle owned by a collector, as defined, used primarily in shows, parades, charitable functions, and historical exhibitions for display, maintenance, preservation, and not used primarily for transportation. This bill would redefine collector motor vehicle to mean a vehicle that is at least 35 years old, is used primarily in shows, parades, charitable functions, and historical exhibitions, as provided, is not used as the owner's primary mode of transportation, and is either insured as a collector motor vehicle, as specified, or determined, as specified, to be driven fewer than 1,000 miles per calendar year. This bill would exempt a collector motor vehicle manufactured before the 1981 model year from the requirement to obtain a certificate of compliance or noncompliance biennially. # 2026 Legislative Session Board-Adopted-Position Bills As of June 3, 2026

---

# Co-Sponsored Bill

# SB 222 (Wiener)

---

## Heat Pump Access Act

This bill would make cost-saving, energy efficient heat pump water heater and HVAC installations faster, simpler and more affordable by streamlining the permitting process.

Position: Co-Sponsor (Adopted by the Board on February 4, 2026)

---

# Support Bills

# AB 907 (Solache)

---

## **State Air Resources Board: Board Members: Compensation**

The bill proposal would provide that CARB board members representing air districts receive the same level of compensation as other Governor-appointed voting CARB board members. Per current statute, Health and Safety Code Section 39512.5, air district CARB Board members only receive \$100 per meeting plus actual and necessary expenses.

Position: Support (Adopted by the Board on February 5, 2025)

Staff Note: Bill amended to change the author from Assemblymember Chen to Assemblymember Solache.

# AB 1777 (Garcia)

---

## **Air Pollution: Indirect Sources**

This bill would authorize CARB, if necessary to carry out that duty to achieve those ambient air quality standards, to adopt regulations to reduce or mitigate emissions from indirect sources of pollution.

Position: Support (Adopted by the Board on March 4, 2026)

Staff Note: **Failed house of origin deadline.**

# AB 2313 (Berman)

---

## **Gas Corporations: Gas Distribution Service Line Replacements: Alternatives**

This bill, the Home Energy Choice Act, would require the CPUC in a new or existing proceeding, to require each gas corporation to offer a Gas Distribution Service Line Replacement Alternatives Program, on or before January 1, 2028, to provide gas customers served by a gas distribution service line, planned or forecasted for replacement over the next 5 years, or prioritized for replacement by the commission, with a monetary incentive to deploy gas distribution service line replacement alternatives, as defined, and cease gas service to avoid the gas distribution service line replacement, as specified.

Position: Support (Adopted by the Board on April 1, 2026)

# AB 2349 (Solache)

---

## **State Air Resources Board: Regional Air Quality Incident Response Program**

This bill would establish a statewide network of Air Quality Incident Response Centers in collaboration with CARB and local air districts. The program would strengthen California's emergency air monitoring capacity and support coordinated state and local responses during wildfires, industrial accidents, and other air quality emergencies.

Position: Support (Adopted by the Board on May 6, 2026)

# SB 299 (Cabaldon)

---

## **CEQA: Exemption: Day Care Center: Family Daycare Home: Zoning**

This bill would provide that an exemption from CEQA applies to a day care center on a parcel of land zoned exclusively for residential use. This bill seeks to fix problems with SB 131 (Committee on Budget and Fiscal Review, Chapter 24, Statutes of 2025) – a budget trailer bill from 2025 – which provided a CEQA exemption for day care centers proposed on a parcel of land zoned as industrial, which ultimately made it easier to zone day care centers in industrial areas rather than residential areas.

Position: Support (Adopted by the Board on April 1, 2026)

# SB 899 (Grove)

---

## **Fire Prevention: Wildfire and Forest Resilience Task Force: Wildfire Smoke**

This bill would require the task force, on or before July 1, 2028, and in cooperation with OEHHA and CDPH, to assess the health costs and impacts of wildfire smoke using existing wildfire smoke and health data, as provided. The bill would require the task force, in developing this assessment, to, among other things, develop a model to determine the approximate health benefits of achieving the goals identified in the action plan and make recommendations on how the action plan can increase its health benefits.

Position: Support (Adopted by the Board on June 3, 2026)

# SB 954 (Blakespear)

---

## **CEQA : Advanced Manufacturing Facilities: Exemption**

This bill amends SB 131 (Committee on Budget and Fiscal Review, Chapter 24, Statutes of 2025) – a budget trailer bill from 2025 – that provided broad CEQA exemptions for “advanced manufacturing facilities” which ended up including a long list of industrial activities.

Position: Support (Adopted by the Board on April 1, 2026)

# SB 1159 (Cabaldon)

---

## **Artificial Intelligence: Transparency and Governance**

This bill would specify that, for purposes of the California Public Records Act, the Bagley-Keene Open Meeting Act, the Ralph M. Brown Act, the Political Reform Act of 1974, the Administrative Procedure Act, and CEQA, “person,” “interested person,” “participant,” “member of the public,” as applicable, and any other similar terms under each act referring to those who may engage with governmental agencies, do not include artificial intelligence, as defined, systems, autonomous agents, robots, or other nonhuman entities, whether physical or digital. The bill would make findings and declarations related to these provisions.

Position: Support (Adopted by the Board on May 6, 2026)

# Oppose Bills

# AB 1791 (Sanchez)

---

## **State Air Resources Board: South Coast AQMD: Regulations: Prohibition: Costs**

This bill would prohibit the South Coast AQMD from adopting any regulation or rule that would add more than \$0.02 to the cost of a gallon of gasoline, add \$2,000 or more to the cost to build any home, or add \$5,000 or more to the cost to build a nonresidential building. The bill would require the South Coast AQMD to submit data to the relevant policy committees of the Legislature that demonstrates how a proposed regulation is compliant with this prohibition.

Position: Oppose (Adopted by the Board of April 1, 2026)

Staff Note: **Failed to meet the deadline to pass out of referred policy committee.**

# AB 2057 (DeMaio)

---

## Natural Gas: Appliances

This bill would prohibit a state agency or local government from adopting or enforcing a rule, regulation, resolution, or ordinance that directly or indirectly results in prohibiting the use of gas appliances in residential or nonresidential buildings.

Position: Oppose (Adopted by the Board on May 6, 2026)

Staff Note: **Failed to meet the deadline to pass out of referred policy committees.**

# AB 2102 (DeMaio)

---

## Wildfire: Vegetation Management: Fuel Reduction Activities

The bill would make several changes to existing fuel reduction activities, including:

- Require all public lands, on or before January 1, 2028, to have 200-foot firebreaks on all borders with private property
- Wildfire fuel reduction activities pursuant to this section shall be exempt from CEQA
- A state agency, including, but not limited to, CARB or its successor entity, shall not impose additional permitting, emissions limitation, or regulatory requirements on activities conducted pursuant to this section
- A city, county, or special district shall not impose discretionary review, conditional use permits, or additional environmental review requirements for activities authorized by this part

Position: Oppose (Adopted by the Board on May 6, 2026)

Staff Note: **Failed to meet the deadline to pass out of referred policy committees.**

# AB 2752 (Ávila Farías)

---

## **Bay Area Air Quality Management District and South Coast Air Quality Management District: Policies: Oil Refineries**

This bill would require the Bay Area Air District and the South Coast AQMD to analyze all of their policies that have been adopted and all future policies that they are considering adopting that impact oil refineries located in their districts and determine the cost of compliance, potential cost to consumers, impacts on state and local tax revenue, and refinery employment.

Position: Oppose (Adopted by the Board on April 1, 2026)

Staff Note: **Failed to meet the deadline to pass out of referred policy committee.**

# SB 1039 (Grove)

---

## **Air Resources: Refinery-Related Community Air Monitoring System**

This bill would require air districts with refineries to include a process for a petroleum refinery to provide substantial evidence to the appropriate air district to exclude a pollutant for monitoring in a fence-line monitoring system and would authorize the air district to exclude a pollutant for monitoring at a petroleum refinery fence-line monitoring system if the air district determines that substantial evidence supports certain considerations.

Position: Oppose (Adopted by the Board on May 6, 2026)

Staff Note: **Held under submission in the Senate Appropriations Committee.**

# SB 1392 (Cortese and Grove)

---

## **Smog Check: Exemption: Collector Motor Vehicles**

This bill would redefine “collector motor vehicle” in state law and further exempt a collector motor vehicle manufactured before the 1981 model year from the requirement to pass biennial smog check. The bill would extend the applicability of this exemption by one model year each year, beginning on and after January 1, 2028, until the final extension takes effect on and after January 1, 2032, that would exempt a collector motor vehicle manufactured before the 1986 model year from the requirement to obtain the certificate of compliance or noncompliance.

Position: Oppose (Adopted by the Board on April 1, 2026)

---

# Oppose Unless Amended Bills

# AB 2635 (C. Rodriguez)

---

## **Air Pollution: Small Off-Road Engines: Voucher Programs: Local Regulation**

This bill would require each large and medium air pollution control and air quality management district, no later than January 1, 2028, to implement and maintain a commercial voucher program to support the transition to zero-emission small off-road equipment consistent with specified requirements. By requiring districts to establish a new program, the bill would impose a state-mandated local program. The bill would also require a small rural district or local government that chooses to adopt such a program to comply with specified requirements in administering the program.

**Position: Oppose Unless Amended (Adopted by the Board on June 3, 2026)**

# SB 1075 (Reyes)

---

## **Air Resources: Toxic Air Contaminants: Criteria Air Pollutants: Community Emissions Reduction Programs: Local Community Emissions Reduction Plans**

Among other things, this bill would tie requirements to support AB 617 communities to the achievement of Federal Ambient Air Quality Standards and would prevent CERP communities from disbanding except by a 2/3 vote of the CSC. The bill would also require certain land use decisions of cities and counties with AB 617 communities to align with recommendations in the CERP or the original CARB designation findings, require air districts and CARB to enforce recommendations in LCERP communities, and require CARB audits of air district AB 617 programs.

Position: Oppose Unless Amended (Adopted by the Board on May 6, 2026)
