**OTHER BUSINESS**

3. **Council Member Comments/Other Business**

Ms. Bard referred to the current initiative to roll back AB32 and requested the Advisory Council consider adoption of a resolution to support the Clean Cars regulation, AB32 and SB 375. She spoke on the American Lung Association’s efforts to visit all Bay Area cities and counties to request support of the resolution.

Deputy APCO Jean Roggenkamp responded that the Board of Directors’ Legislative Committee considers and takes position on a number of bills, for recommendation to the Board of Directors. The Board of Directors has taken positions on a number of efforts to date focusing on GHG reductions and climate protection goals. She suggested the Advisory Council defer the matter to a time after the Initiative has secured the required number of signatures for qualification.

Board Chairperson, Brad Wagenknecht, thanked the Advisory Council for their significant efforts and advice in addressing the GHG emission reduction target. He stated that he has attended a number of Advisory Council presentations and believes a large portion of the Board of Directors’ work plan will involve such topics. He agreed the Board’s Legislative Committee receives staff briefs and considers support for, and opposition to, legislative bills, and again commended the Advisory Council for their efforts.

Chairperson Bramlett and Gary Kendall updated the Advisory Council on tentative speakers for the June 9, 2010 meeting, which will focus on geologic sequestration, safety, leakage seismicity, new technology for carbon capture using membranes, and CARB’s cap and trade regulation. Staff is also attempting to secure a fourth speaker on Mineralization via Aqueous Precipitation (MAP) technology, which absorbs CO2 from power plants and turns it into construction material. Council Members reiterated the need for speakers to address questions posed of them ahead of the meeting.

4. **Time and Place of Next Meeting** - 9:00 a.m. – 12:00 noon, Wednesday, June 9, 2010, 939 Ellis Street, San Francisco, CA 94109.
