About Bay REPAIR

The Air District adopted the Community Benefits Penalty Funds Policy in 2024 to reinvest penalties from air quality violations into impacted communities. Through Bay REPAIR, or Reinvesting Penalties for Air Improvement and Resilience, more than $131 million will be reinvested across the Bay Area. $105 million has been awarded for community-led projects in the first round of the Local Community Benefits Fund. The Air District awarded $105 million to support community-led projects through the first round of the Local Community Benefits Fund.
