

Bay REPAIR

Local Community Benefits Fund – Round 1

Technical Assistance: Intake Form Instructions

Technical assistance for this grant is being provided by the [Environmental Protection Network](#) (EPN), a national nonprofit that leverages the expertise of more than 700 former US EPA alumni volunteers and regionally-deployed community outreach associates.

EPN's technical assistance includes the following services to support prospective applicants to the Bay Area Air District's Local Community Benefits Fund:

- Grant guideline navigation
 - Grant type and other questions support
- Eligibility navigation and support
 - Geographic eligibility navigation
 - Partnership eligibility support
 - Project type eligibility support
- Application process support
 - Project scoping
 - Budgeting guidance
 - Measurable Outcomes Plan support
 - Required document navigation and guidance
 - Submission support
- Application review by an EPA alumni based on the Air District's scoring rubric

For **1:1 technical assistance** on any of the above, please:

1. Fill out [EPN's intake form](#).
 - a. Note: This form collects organizational information for technical assistance purposes. Please use only work/organizational contact details, as submissions may be disclosed under public records laws and the agency cannot guarantee privacy of personal information.
2. Specify your location as within California

3. Select that you are interested in applying for the Bay Area Air District Local Community Benefits Fund by indicating the following:

Technical and Funding Assistance

- ☐ We have a **Technical Assistance request** (for example, help navigating or understanding government programs, data, or processes; or gaining access to partners, allies, or decision-makers)
- ☒ We are seeking assistance with an application for the Bay Area Air District (BAAD) Local Community Benefits Fund (LCBF)
- ☐ We are seeking assistance with a **Federal Grant application**
- ☐ We have **been selected for a Federal Grant** and we need assistance with compliance, termination, freeze, and/or implementation
- ☐ We are seeking **development/fundraising assistance** (including identifying potential funding, or reviewing grant applications)

EPN and the Bay Area Air District (BAAD) have partnered to provide grant navigation and application assistance to make the Local Community Benefits Fund (LCBF) accessible to eligible applicants within the project area.
