Subject: Question about modeling in health risk determination

You don't often get email from kenszutu@gmail.com. [Learn why this is important](#)

CAUTION: This email originated from outside of the BAAQMD network. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Dr. David Holstius,

As a community member, here is an aerial photo taken during the NuStar fire by a community member who was on a plane at the time.

And here is a photo from a Vallejo neighborhood:

Please ensure the model you use in health risk determination reflects the community member's experience in PM distribution.

Thank you for your attention,

Ken Szutu
