Compliance Advisory
July 11, 2011

Notice: Solid Fuel Labeling Requirement

This Advisory is provided to inform you about activities of the Air District which may affect your operation. It is intended to assist you in your effort to achieve and maintain compliance with applicable air pollution regulations.

ATTENTION: COMPANIES THAT SELL OR PROVIDE FIREWOOD OR SOLID FUEL FOR USE IN WOOD-BURNING FIREPLACES OR STOVES

SUBJECT: SOLID FUEL LABELING REQUIREMENT

On July 9, 2008 the Bay Area Air Quality Management District (Air District) adopted Regulation 6, Rule 3: Wood-burning Devices. Among the requirements, the rule requires labels on each package of solid fuel or wood sold or provided for use within the Bay Area. Solid fuels include but are not limited to the following:

- Firewood or wood
- Any manufactured logs (such as DuraFlame)
- Any pressed logs (such as Presto Logs)
- Other fire logs (such as EnviroLog and JavaLog)
- Any solid or semisolid fire starters
- Pellets (wood-based or plant-based)

Pursuant to Regulation 6, Rule 3, Section 404.1: Labeling for Solid Fuel or Wood Sale requires each package of solid fuel or wood sold or provided for use in a wood-burning device within Air District boundaries must be labeled with the following language: (see reverse side for sample labels which are formatted to be printed on standard 1” by 4” size mailing labels for your use):

"Use of this and other solid fuels may be restricted at times by law. Please check 1-877-4NO-BURN or http://www.8774NOBURN.ORG before burning."

The requirement to label “each package” means that the smallest unit of product that is intended for sale shall be labeled. For product that can be sold either as individual units or in boxes containing multiple units, the individual units must be labeled.

For more information regarding the specifics of the Regulation 6, Rule 3: Wood-burning Devices please go to http://www.baaqmd.gov/rules for more information.

More information can be obtained from the following:

- For questions about this advisory contact Eric Pop, Air Quality Specialist, at epop@baaqmd.gov or (415) 749-5172.
- For a copy of the Air District’s rules, see http://www.baaqmd.gov/rules.
- For compliance assistance, call the Compliance Counselor Hotline at: (415) 749-4999.
