

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

PUBLIC NOTICE

May 9th, 2024

TO: All residential and business neighbors located within 1,000 feet of the proposed new or modified source of air pollution listed below.

FROM: Bay Area Air Quality Management District

RE: Permit Application #689539 for the following source of air pollution:

**Emergency Standby Diesel Generator Set
The Home Depot #6677
8850 San Ysidro, Ave Gilroy 95020**

The Bay Area Air Quality Management District (the “District”) is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source.

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source of air pollution. A description of the proposed project follows:

The Home Depot #6677 has applied for an Authority to Construct and/or Permit to Operate an Emergency Standby Generator powered by a diesel engine that will be used for providing electrical or mechanical work during emergencies, and will be periodically run for maintenance, reliability testing, and/or emissions testing.

PRELIMINARY EVALUATION

The District has evaluated the permit application for the proposed project and has made a preliminary determination that the project is expected to comply with all applicable District, state, and federal air quality-related regulations, including the health risks resulting from toxic air contaminant emissions. The preliminary recommendation is to issue a permit for this project. After considering all comments received, the District will make a final determination.

ADDITIONAL INFORMATION

The District's Community Health Protection Program focuses on reducing air pollution disparities in communities excessively impacted by air pollution. Check the District's website for more information about District activities in your community:

<https://www.baaqmd.gov/community-health>

If you would like to learn more about this project, please visit our website to download a copy of the evaluation report prepared by the District:
