PUBLIC NOTICE

July 17, 2026

TO: All residential and business neighbors located within 1,000 feet of the proposed new or modified source(s) of air pollution listed below.

FROM: Bay Area Air District

RE: Permit Application #**32114** for the following source(s) of air pollution:

Portable Prime Diesel Engine, Portable Grinder, 8 Existing Stockpiles, and New Abatement Enclosure
Contra Costa Waste Service Inc.
1300 Loveridge Road, Pittsburg, CA 94565

The Bay Area Air Quality Management District (the "Bay Area Air District" or "Air District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site or within a community that is overburdened by air pollution, we notify the public about the proposed project. To comply with Bay Area Air District requirements, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the Air District for the above referenced source(s) of air pollution. A description of the proposed project follows:

Contra Costa Waste Service Inc. has applied for a Permit to Operate an existing portable prime diesel engine, powering an existing portable grinder, 8 existing stockpiles, and a new abatement enclosure located at 1300 Loveridge Road, Pittsburg, CA 94565.

PRELIMINARY EVALUATION

The Air District has evaluated the permit application for the proposed project and has made a preliminary determination that the project is expected to comply with all applicable District, state, and federal air quality-related regulations, including the health risks resulting from toxic air contaminant emissions. The preliminary recommendation is to issue a permit for this project. After considering all comments received, the Air District will make a final determination.

ADDITIONAL INFORMATION

The Air District's Community Health Protection Program is focused on reducing air pollution disparities in overburdened communities. For more information on Air District activities in your community, consult the Air District's website at:

https://www.baaqmd.gov/community-health

If you are interested in getting more information about this project, you may obtain a copy of the application evaluation report from the Air District's website at:
