Title V deviations for the reporting period are summarized below:

Event Started: 2/1/2021 12:00 PM	<input type="checkbox"/> Ongoing Event
Stopped:	

Source Number:	
Abatement Device : A2	
Emission Point:	

May have resulted in a violation of :	
Permit: Title V Section I.E (Records)	
AQMD:	
Other:	

Event Description: During an internal review, discovered that the continuous backpressure monitoring system is storing 1 year worth of data but 5 years worth of data is required by the Title V permit.

Probable Cause: The software appears to be limited to storing 1 year worth of data.

Corrective actions or preventative steps taken: Investigated options to increase record retention capabilities of system. Updated system so will start saving up to 5 years worth of data.
