Mr. Gerardo Rios
Permits Office Chief
United States Environmental Protection Agency Region 9
Air-3-1
75 Hawthorne Street
San Francisco, CA 94105

Dear Mr. Rios:

The Air District is proposing a significant revision to the Major Facility Review permit for the following facility.

Application Number	Facility Number	Facility Name	Address	Type of Operation
26519	B3289	Los Esteros Critical Energy Facility, LLC	800 Thomas Foon Chew Way San Jose, CA 95134	Electricity Generation

The purpose of the proposed significant permit revision is to incorporate reductions in monitoring. The maximum rated capacity for S11, Cooling Tower, is being increased from 73,000 gpm to 90,000 gpm. This is a minor revision.

The Air District has made a preliminary decision to issue the revised Major Facility Review permit, but the final decision on the permit issuance will consider any public and/or EPA comments on the proposed permit. The notice inviting written public comment will be published in the Mercury News. The final date to submit comments is January 15, 2021.

The proposed permit and statement of basis can be viewed on the BAAQMD website at: http://www.baaqmd.gov/permits/major-facility-review-title-v/title-v-permits. If you have any questions regarding this permit, please contact Dennis Jang, Supervising Air Quality Engineer, at (415) 749-4707 or djang@baaqmd.gov.

Sincerely,

For

Jack P. Broadbent
Executive Officer/Air Pollution Control Officer
