The Air District is pleased to announce the release of ***Spare the Air, Cool the Climate, A Blueprint for Clean Air and Climate Protection (2017 Plan)***. The Draft 2017 Plan identifies 85 strategies for the Air District and the Bay Area to pursue over the next few years and beyond to reduce air pollution and protect public health and the global climate.

Share your thoughts about this **first-ever** regional climate plan and its bold vision during an **Open House** where you can interact with staff, view displays, see a presentation and enjoy light refreshments. This is an opportunity to make your voice heard before the plan goes to our board for adoption later in the year.

Visit our website for event flyers in several languages and for more information about the draft Plan, www.baaqmd.gov/cleanairplan

Comment on the draft document until **Thursday, March 9, 2017**.

We hope to see you at one of our open houses! For more information, contact Christy Riviere at criviere@baaqmd.gov, 415.749.4925, or Dave Burch at dburch@baaqmd.gov, 415.749.4641.

*For language interpretation, contact Rosene Salmo at rsalmo@baaqmd.gov at least **72 hours before event**.*
