
 **\$1,200 for your 1998 and older vehicle!** 

Receive \$1,200 for your registered and operating 1998 and older vehicle from the Bay Area Air Quality Management District (Air District) and help reduce air pollution. Help create a healthy breathing environment for every Bay Area resident while protecting and improving public health, air quality, and the global climate.

The Vehicle Buy Back Program is a voluntary program that takes older, high-polluting, vehicles off the road that would otherwise likely remain on the road. Eligible vehicles 1998 and older will be purchased and scrapped by approved Air District dismantlers, Environmental Engineering Studies and Pick-n-Pull. If your vehicle meets all program requirements, the dismantler will buy and scrap your vehicle and provide you a \$1200 check for your vehicle.

The vehicle must:

- Be currently registered as operable and be in operating condition
- Have been registered as operable in the Bay Area for the past 2 years
- Pass a Smog Check if within 60 days of a required Smog Check

To participate, call one of the approved Air District auto dismantlers, who will determine if your vehicle qualifies:

Environmental Engineering Studies, Inc. Call 1-855-343-7314
Locations in East. Palo Alto, Pittsburg, Richmond, San Francisco, San Leandro, Santa Clara, San Jose, Santa Rosa

Pick-n-Pull Call 1-800-727-2708
Locations in Fairfield, Newark, Oakland, Richmond, Windsor, San Jose

Visit www.baaqmd.gov/vbb for more details. Para más información en español sobre nuestro programa de retiro del vehículo, visite: www.baaqmd.gov/vbb-es.

** Clean Cars for All offers grants up to \$9,500 for low-income households in qualifying communities to get a new or used hybrid, plug-in, or battery-electric vehicle, or alternative transportation options.*
