

GET

\$2,000

FOR YOUR 2000 OR OLDER VEHICLE!

Receive \$2,000 for your registered and operating 2000 or older vehicle from the Air District and help reduce air pollution.

**THE VEHICLE BUY BACK PROGRAM** is a voluntary program that takes older, high-polluting vehicles off the road that would otherwise likely remain in operation. Eligible vehicles 2000 or older will be purchased and scrapped by approved Air District dismantlers, Environmental Engineering Studies and Pick-n-Pull. If your vehicle meets all program requirements, the dismantler will buy and scrap your vehicle and provide you a \$2,000 check for your vehicle.

**The vehicle must:**

- be currently registered as operable and be in operating condition
- have been registered as operable in the Bay Area for the past 2 years
- pass a Smog Check if within 60 days of a required Smog Check

To participate, call one of the approved Air District auto dismantlers, who will determine if your vehicle qualifies:

**Environmental Engineering Studies, Inc.**  
Call 1-855-343-7314

Locations in East Palo Alto, Pittsburg, Richmond, San Francisco, San Leandro, Santa Clara, San Jose, Santa Rosa

**Pick-n-Pull**  
Call 1-800-727-2708

Locations in Fairfield, Newark, Oakland, Richmond, Windsor, San Jose, Santa Rosa
